

EQUALIZER™ Track for grain carts

Unverferth
Manufacturing Company, Inc.

**More than
60 square feet
of contact**

**NOW IN
TWO
SIZES!**

Large-footprint tracks for large-volume grain carts

If you think all things are equal when looking at tracked undercarriages for grain carts, you need to look again. Only the 42" Equalizer™ tracks from Unverferth offer the widest footprint in the industry — and a unique design in which each track independently cambers to follow ground contours — for optimum flotation.

**More than
50 square feet
of contact**

EQUALIZER™ Track for grain carts

**All grain cart
track systems are
not EQUAL!**

Tracks equalize to follow altering terrain – each track independently cambers to follow ground contours for optimum flotation and minimum compaction

Patent-pending pivot allowing bi-directional rotation of the track for better contact with the ground on uneven terrain

Exclusive belt design with shallow tread belt pattern for greater flotation and traction

Auto-greaser system for automatic application at more frequent intervals for consistent lubrication of track undercarriage

- 42"– widest in the industry with a compact length for enhanced maneuverability and greater flotation
- 40" main idler wheels with 10-bolt hubs for added durability
- Cast pivoting midrollers on each track assembly are on the same plane as the main idler wheels for optimum flotation
- Hydraulic belt tensioning adjustment for easier track alignment, optimum ground contact and even weight distribution
- All hubs are greaseable and feature triple-lip seals with a steel seal guard for optimum lubrication
- Available on select 1,100-bushel and larger Brent, Killbros, Parker and Unverferth brand grain carts

Specifications	2,000 – 1,300- bushel capacity carts	1,300 – 1,100- bushel capacity carts
Total footprint (pair)	61.25 sq. ft.	50.75 sq. ft.
Track width	42"	42"
Track length	148"	131"
Ground contact length	105"	87"
Ground contact area for 1 track	4,410 sq. inches	3,654 sq. inches
Bogie wheels for 2 tracks	16	8
Pivot shaft diameter	7"	6"
Front-to-back pivot	±20°	±20°
Camber (side-to-side) oscillation	±8°	±8°
Approx. track wt. for 2 tracks	15,100 lbs.	12,500 lbs.

See your nearest Brent, Killbros, Parker or Unverferth dealer today or unverferth.com for complete details on the Equalizer Track for grain carts.
