

*Tracked undercarriage  
systems for grain carts*

**Unverferth**<sup>®</sup>  
Manufacturing Company, Inc.

*When your farming practices necessitate the use of tracked equipment, look to the Unverferth “tracked” advantage for greater durability, flotation and smoother travel to get you in and out of the field in the shortest time possible. Available exclusively on Brent, Killbros, Parker and Unverferth grain carts.*

# The Unverferth "Tracked" Advantage

Independent cast bogie wheel design for more uniform ground contact and weight distribution, and less point load on individual axles

Shallow tread design for greater flotation, maneuverability and easier turning without berming

40" steel idler wheels keep proper tensioning for smoother transport

Chamfered edge on cast bogie wheels, along with lug guide design, for true tracking performance

- Hydraulic tensioning adjustment for easier track alignment, optimum ground contact and even weight distribution
- Hydraulic accumulator maintains pressure and is easily recharged with tractor hydraulics using included hoses
- 3-3/4" end wheel spindles with 10-bolt hubs
- Cast bogies with 2-3/4" spindle
- All bearings feature triple-lip seals and externally mounted grease points for long-term dependability and easy maintenance
- Shallow tread design for greater flotation, maneuverability and easier turning without berming
- Fully molded tread bars for long-lasting performance
- Chamfered edge on cast bogie wheels, along with lug guide design, for true tracking performance
- Highly durable track carcass features state-of-the-art rubber compounding technology
- Steel belting provides stiffness and durability with helically wound cable to retain shape
- All tracks factory tested for proper alignment and operation
- Optional auto-greaser for automatic application at more frequent intervals for consistent, optimum lubrication of track undercarriages

Optional automatic greasing system

Hydraulic tensioning

## Unverferth track system specifications

	1,000- and 1,100-bushel carts	1,200- and 1,300-bushel carts	1,500- and 2,000-bushel carts
<b>Bogie Wheels</b>	8	16	16
<b>Pivot Shaft Diameter</b>	6"	6"	7"
<b>Belt Width</b>	3'	3'	3'
<b>Belt Length</b>	10'10"	12'4"	12'4"
<b>Ground Contact Length</b>	7'6"	8'9"	8'9"
<b>Ground Contact Area (square inches)</b>	3,240	3,780	3,780
<b>Approx. Weight (lbs.)</b>	11,500	13,800	14,350
