800 SERIES

Brown 800 Series Hydraulic Brush Cutters are engineered to give you years of dependable service and performance.

Brown 800 Series Hydraulic Brush Cutters are designed as rugged machines that can handle heavy brush cutting and shredding. This machine is tough enough to cut heavy brush and trees up to six inches in diameter. The robust construction and balanced blade carrier keeps vibration to a minimum and the closed rear maximizes mulching of the material. The cutter comes in a 5' or 6' cutting widths. These cutters are equipped with reversible blades, powered by a high torque direct drive piston motor and bearing housing. We offer flows of 20-27 gpm or 35-47 gpm. These brush cutters require case drains.

- The 800 Series Brush Cutter is covered with one year limited warranty. Blades and hoses are wear items.

Model Specifications				
Model		Brown 815	Brown 816	Brown 826
Weight		1500 Lbs.	1995 Lbs.	2025 Lbs.
Width Of Cut		60 Inches	72 Inches	72 Inches
Width Of Deck		66 Inches	78 Inches	78 Inches
Blade Bar/Weight		1" / 370 Lbs.	1" / 475 Lbs.	1" / 475 Lbs.
Deck Thickness		3/16" Thick	1/4" Thick	1/4" Thick
Blade Tip Speed At Specific RPM	800	143 MPH/12,575 FPM	171 MPH/15,091 FPM	171 MPH/15,091 FPM
	1200	214 MPH/18,864 FPM	257 MPH/22,636 FPM	257 MPH/22,636 FPM
Flow Rate		20-27 GPM	20-27 GPM	35-47 GPM

General Specifications

Deck Design	Open Front - Reinforced
Height of Cut	Operator Dependent
Bearing Housing Ratio	Direct Drive 1:1
Blades (Ultra-Kor™)	1/2" Thick
Attaching	Standard Quick Attach
Lift Restriction Chains	Standard
