

The G 3500 OCT is the top of the line model in Kärcher's "Pro Series" of gas pressure washers. Driven by a powerful 300cc engine, the G 3500 OCT is the perfect work companion for contractors and demanding users. Equipped with a three piston crankshaft (triplex) pump with professional-grade unloader valve, this unit can handle the largest and most challenging cleaning assignments. It surpasses competing pressure washers with a unique Remote Pressure Control that allows the user to adjust the pressure right at the spray wand, from 2200 to 3500 PSI. Pros will also appreciate the 50ft steel-braided rubber high pressure hose, pneumatic tires with metal wheels and durable welded frame that outlasts typical riveted/bolted frames. Rated at 3500 PSI and 3.2 GPM, the G 3500 OCT delivers at the highest level on the Kärcher Promise: Cleaner. Quicker.
