COMPRESSION SPRAYER

### JACTO HH-5 COMPRESSION SPRAYER

#### PORTABLE & EASY TO HANDLE

Starting with our first product in 1948, Jacto has built a long history of dedication to developing and perfecting new and improved technology to help our customers to maximize their productivity.

The Jacto HH-5 compression sprayer is portable and easy to use.

Equipped with a piston-type pump, high-durability tank, adjustable cone nozzle, decompression valve for easy opening, and a wide funnel-type top for easy filling, the Jacto HH-5 is ideal for spraying small areas or individual plants.

#### TRIGGER VALVE

Both lightweight and tough. Ideal for all-day work.

#### DECOMPRESSION VALVE

Pressure control and decompression valve to enable the spray tank lid to be safely removed.

#### NOZZLE

HH-5 equipped with adjustable cone nozzle. A full range of nozzles is available from your Jacto dealer.

Volume: 5 L / 1.32 GAL
