

TCX

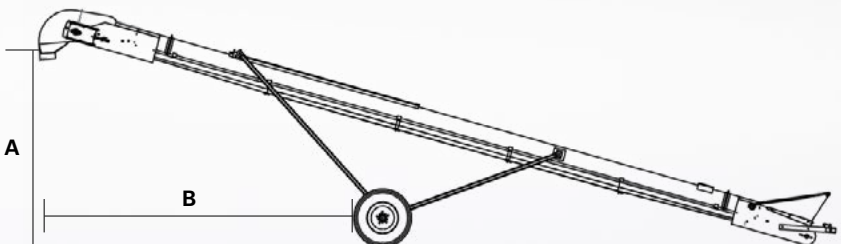

1200 Series

8" tube | 12" belt | Capacity up to 3,800 bph | 22' - 32' lengths

The AGI Batco TCX is a compact, light-weight belt conveyor model that easily moves around the yard by hand, helping you get into more places. The 2-ply chevron belt has poly slider backing and requires less horsepower allowing for reduced slipping and operating costs. The manual lift winch and collapsible intake hopper make the AGI Batco TCX versatile, mobile, and flexible for many different farming applications.
