ALL POLY SKIDS ARE NOT CREATED EQUAL

It's true. You can buy other poly skids. But, if you're interested in the long term profitability of your operation, you'll want to get the facts before you spend your hard earned money. Poly Last™ combine skids from Poly Tech are designed to fit better and wear longer than any other poly skid.

The fact that longer wear life is better is simple enough. What most people don't think about is: Why fit is so important! The primary purpose of poly skids is to allow your header to ride directly on the ground without sticking or pushing. This allows you to harvest more of your crop, especially the portion growing closest to the ground. The cutter bar reaches it's optimum cutting depth just above the surface of the ground. Very much like a quality razor produces a close shave, you want to eliminate as much stubble as possible.

Other poly skids can fit poorly causing a gap between the poly and the steel. As dirt and trash are trapped, a packing effect begins to push the poly even further away from the steel. The distance between the poly and the steel (as much as 1/2" or more) is what keeps your cutter bar from reaching it's optimum cutting depth.

Poly Last™ skids have a glove fit to eliminate the gaps that cause problems. Your combine head is free to ride the ground and your cutter bar can reach its optimum position next to the ground. Your crop goes where it belongs: in your grain tank and ultimately in your bank account.

Poly Last™ Combine Skids FIT BETTER & WEAR LONGER

Competitor's Fit - Gap raises cutter bar and wears quicker.

Poly Tech Fit with Patented "Living Hinge" Gets low and wears even.

CUTTING CLOSE MEANS MORE BEANS IN THE BANK!

Does it make sense to pay \$100 or even \$200 less for a "bargain" only to walk across your field after harvest and see thousands of dollars of your crop still lying in the field?

If you harvest a minimum of one extra bushel per acre, which you can sell for \$14.00 per bushel; and you're harvesting 600 acres; Is it worth \$8,400.00 to invest a little more in Poly Last™ combine skids?

Use this formula and do your own math. The numbers will be different for everyone. But, the results will always improve your bottom line. WE GUARANTEE IT! If not, you have every right to return the product for a full refund or exchange. These are the facts. We don't cut corners to produce a cheaper product. We design and build products that work. If quality matters then you need a Poly Last™ product.

JOHN DEERE 200/900/900F POLY LAST™ COMBINE SKIDS

FACTORY CHANGE ALERT!
John Deere 900F series flex headers with Serial # 685000 and higher require several different panels. Please check serial number before ordering.

John Deere 900 Rigid-Call or visit polyskid.com for pricing.

THEY FIT BETTER TO GET YOUR JOHN DEERE HEADER CLOSER TO THE GROUND GIVING YOU OPTIMUM CUTTING DEPTH AND MORE BEANS IN THE COMBINE.

The Patented "Living Hinge" is designed to give the skid shoe more flex as it bends to the shape of the factory metal shoe giving it a custom fit to each and every skid on your combine header. It is unlike other skid shoes that have a preformed bend for one size fits all skid shoes.

ALSA included with Case 1020 Kits!

Improve the performance of your factory skid shoes with our Poly Last™ Stabilizer Covers. Simply remove the existing stabilizer cover and replace with the Poly Last™ cover. The best improvement you can make for under \$100.

The full size stabilizer cover is designed to prevent buildup where the competition falls short. It completely covers the A frame and provides one continuous shoe virtually eliminating areas where buildup and bunching occur. The front of the cover fastens to the top side of your metal skid shoes and the rear is suspended by chains. This allows the skid to float over the ground and provides easy access to the underside for routine inspection and maintenance. Each Case combine header kit comes with a full size stabilizer skid that covers the ENTIRE metal A frame under the end shoes.

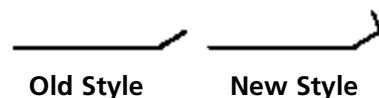

ALSA...Left Stabilizer Cover...\$92.70 ARSA...Right Stabilizer Cover...\$80.35

Case IH 820 Flex Heads

U.S. Design Patent #314,778

The Case IH 820 skids come in Old (pre-'79) & New style. The two are identical except for the bend in the leading edge. Please use the diagram below to determine which style you have and specify when ordering.

NEW HOLLAND POLY LAST™ COMBINE SKIDS

New Holland 971/972/973 Floating Head

The adjustable front and rear hinge allow for a custom "glove" fit on almost any head, new or used. Now you don't have to settle for one of those "me too" kits.

For heads with panels supported by chains. If panels are not supported by chains, Poly Skids will NOT fit.

Kit includes: Poly Last covers, end skids, hardware & instructions.

Made from our Grey Poly Last™ and designed with the help of custom combiners our skids will outwear the factory shoe as much as 3 to 1. Properly placed countersunk fasteners prevent soil from getting behind the skid extending service life. It's the longest lasting skid for your Mac Don. Guaranteed!

Please specify Old or New Style.
The Series III bend profile changed approx. 1987.

Throat Liner: Poly Last™ floor improves feeding of crop and reduces noise created by metal on metal contact.

Drum Guards: Soft plastic, rubber like material covers the metal drum in chain area. Saves the chain from excessive wear on the drum and reduces noise.

Rails: Poly Last™ covers for existing metal rails. Helps prevent clattering of metal on metal as the bars on the feeder house chain hit the rails. Reduces wear on rails and bars. Reduces Noise.

Top Sprocket Stripper Plates: Replaces metal stripper plates with Poly Last™. Prevents chain wear normally associated with grooved metal plate and reduces metal to metal noise.

Reduce Feeder House Noise and Improve Crop Flow!

FOR CASE 1400, 1600, 2100 & 2300 SERIES COMBINES

- Improve crop flow.
- Repair worn and corroded auger beds.
- Prevent future wear and corrosion.

DON'T PUT GRAIN ON THE GROUND

Buy Our Liners...

Holes develop in the bottom of your trough due to wear or more often due to corrosion. When holes develop, the grain drops straight to the ground under the combine. Why spend over \$1,200.00 on a replacement trough that is extremely difficult to remove and re-install?

Our Poly Last™ liners install much easier, offer excellent corrosion resistance, feed better, and are a far better solution than a patch or repair.

Part #	Description	Price
ABCK4060	4 Auger Kit Fits Combine Models: 1440, 1460, 1470, 1640, 1644, 1660, 1666, 2144, 2166, 2344, 2366	\$518.00
ABCK80	5 Auger Kit Fits Combine Models: 1480, 1482, 1680, 1682, 1688, 2188, 2377, 2388, 2577, 2588	\$633.00

Oversize Shipping Charge - Regular Shipping + \$50.00.

GRAIN GRABBER 2

- Allows reel to be run higher for Less Shatter.
- Reduces Slugging.
- Allows you to run longer at night.

For pennies on the dollar, you can make your auger perform like a full-finger auger. With one Grain Grabber between each flight, you can run your reel higher and out of the crop which means less shattering. Your grain will feed more evenly with our Grain Grabber, reduce slugging and allow you to run longer at night. Each Grain Grabber comes with its own hardware.

REVISED APPLICATION RECOMMENDATION

A small percentage of farmers are experiencing issues toward the center of the auger when using the Grain Grabber. The aggressive nature of the Grain Grabber and the build up of crop volume at the center of the auger can cause crop to be thrown out of the center of the header. The Grain Grabbers at the ends of the auger are doing a great job. If you expect a heavy crop you may want to reduce the number of Grain Grabbers at the center of your header.

Part #	Description	Price
ARGG201	Grain Grabber 2 - Black	\$30.00 ea.
Length	Recommended	Price
30'	10 ea. Grain Grabber 2, Bolts, Drill Bit	\$300.00

P153176	Poly finger for cutting platforms; 6" Tine Spacing; Fits Agco Gleaner 700, 800, 7000, 8000, 8200; Case IH 1010, 1020 (2001 & Up), 2010, 2020; Cat F; Lexicon F, Challenger Flex Headers; John Deere 900F & R (S/N 685101 & Up), 600F, 600R; Massey 8000, 8200, 9800, 9850; New Holland 71C, 72C, 73C, & 74C	\$2.25

Replace the original metal fingers in combine augers. Broken metal fingers can do thousands of dollars of damage to rotors and cylinders. A bent metal finger can cut an auger in half before you have time to shut it down. Poly fingers bend 10° past the breaking point of metal before breaking. When poly fingers do break and pass through the combine they don't damage internal parts.

PROTECT YOUR GRAIN TANK FROM CORROSION AND WEAR.

The Poly Last™ Auger Liner for grain tanks covers the existing auger floor, no matter what condition it is in and provides a slippery surface to keep grain feeding into the unloading auger faster. Poly Last™ does not rust or corrode.

- Stainless steel strips CNC cut for precise fit, allowing for accurate and quick positioning of hold down strips.
- Poly liner "floats" under stainless strips allowing the poly to expand & contract without buckling.
- 1/8" flexible UHMW poly is preformed to fit tightly against the grain tank floor.
- Complete kit is quick & easy to install.
- Installs without removing augers. No welding.
- Replace only the auger liner with Poly Last™, not the entire floor.

GRAIN TANK AUGER FLOOR LINER

JOHN DEERE SERIES

Part #	Description	Price
AGTJK001	Fits John Deere 9400 / 9500 / 9510 combines	\$432.00

Kit Includes: Yellow Poly Last™ skid shoes, hardware & instructions.

Some products are just more
"dependable" than others.

Dependable: de pend a ble [di-pen-duh-buhl] adj.
 1. worthy of reliance or trust; "a reliable source of information" "a dependable worker" [syn: reliable]
 2. worthy of being depended on; "a dependable worker"; "an honest working stiff"; "a reliable source of information"; "he was true to his word"; "I would be true for there are those who trust me"
 3. consistent in performance or behavior; "dependable in one's habits"; "a steady-going family man"
 4. financially sound; "a good investment"; "a secure investment"

For over 40 years, Poly Tech has proudly served you with the quality products and outstanding customer service that you demand. When quality counts you can count on Poly Tech.

1975 - Poly Tech was founded as a Christian company on the premise that God is chairman of the board. That premise still holds true as Poly Tech enters its' second generation as a family owned and operated business. Today, two generations of family work together as we continue to serve the agricultural industry with those same core beliefs and values.

1988 - Poly Tech patents the first combine skid cover. Then in 1992 patents the "Living Hinge" design used on tens of thousands of John Deere 900 series combines. Today, Poly Tech manufactures a full line of products including corn head liners, grain tank liners, grain head & auger bed trough liners and more.

2010 - Poly Tech files for a patent on its innovative new Poly Last™ Tube Liner. This pre-assembled unit can be installed without removing the auger in most cases, self adjusts to uneven tube diameters and can cost as little as half of a replacement or repair. Our commitment to innovative, cost saving new products is stronger today than it's ever been.

2016 - Poly Tech invites you to join us for many more years of innovation. If you have a problem that needs solving we'd love to hear about it. Helping you save time and money has been the core of our business. So, stop by our booth at a trade show, call us, email us or write us.

You can "DEPEND" on Poly Tech, We Guarantee It.

Helping you work smarter, harder and better!

Made of UHMW preformed poly, these auger wear shoes are designed to extend the life of the steel auger by covering new or worn steel auger flighting giving it strength and avoiding wear. There are over 300 sizes available. The wear shoes are available in different diameters, pitches and thickness (most common 3/8") to fit most common augers. Some applications include combines, grain carts, transport augers, bins and grain handling systems; wherever high volume and wear are a problem.

Description	Bolts Req'd per pitch	Price per Pitch
6" Diameter	3	\$24.50
7" Diameter	3	\$28.25
8" Diameter	3	\$32.50
9" Diameter	3 to 4	\$37.25
10" Diameter	3 to 4	\$42.75
11" Diameter	4	\$45.75
12" Diameter	4	\$49.00
13" Diameter	4	\$52.50
14" Diameter	4	\$56.00
15" Diameter	5	\$60.00
16" Diameter	5	\$64.25
17" Diameter	5	\$68.75
18" Diameter	5	\$73.50
19" Diameter	5	\$78.50
20" Diameter	5	\$84.00
21" Diameter	5	\$89.75
22" Diameter	5 to 6	\$96.25
23" Diameter	5 to 6	\$103.00
24" Diameter	6	\$110.25
1/4" x 1" Poly capped bolts (#ALAWSH01)	(net no discounts)	\$1.00
1/4" x 1 1/2" Poly capped bolts (#ALAWSH)	(net no discounts)	\$1.00
1/4-20 x 1 Stainless Steel Hex Bolt (#AH1305)	(net no discounts)	\$.20

INFORMATION WE NEED TO TAKE AN ORDER

Brand and Model number of machinery: _____

A – Outside diameter of the flighting: _____
(not outside tube diameter)

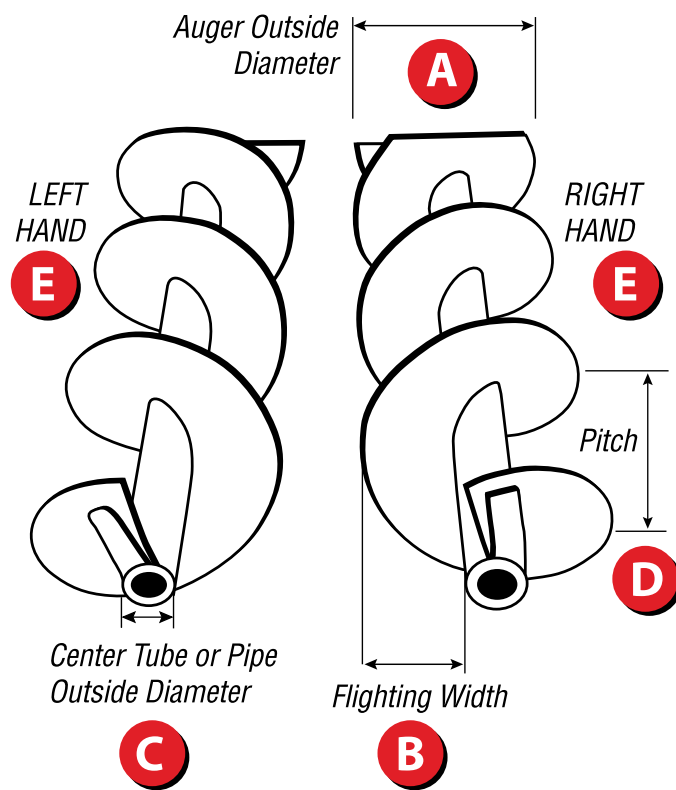

B – Flighting width: _____

C – Outside diameter of the center pipe: _____

D – Pitch - distance between the auger spirals: _____
(be sure to measure parallel to the center pipe)

Has auger been replaced or re-flighted: _____

E – Left hand or right hand: _____

All wear shoes include hardware for installation.

Available 3/8" thick or 1/4" thick Poly Last™

POLY LAST™ CLEAN OUT DOORS FOR CASE IH

Kits Include FREE Latch Handle!

Replaces Poorly Designed OEM Handle. No more struggling to get door closed!

Fits models: 1420, 1440, 1460, 1470, 1480, 1482 (pull type), 1620, 1640, 1644, 1660, 1666, 1670, 1680, 1682, 1688, 2144, 2166, 2188, 2344, 2366, 2377, 2388, 2577 and 2588 combines.

Part #: AEDCL001.....\$17.00

Poly Tech Part # AEDC250C1K replaces Factory Part # 1310250C1 (Door width is 7 1/4")	\$78.00
Fits 1420 and 1620 Combines	
Poly Tech Part # AEDC146C1K replaces Factory Part # 1309146C1 (Door width is 8")	\$78.00
Fits 1440, 1460 and 1470 Combines.	
Poly Tech Part # AEDC037C1K replaces Factory Part # 1309037C1 (Door width is 8")	\$78.00
Fits 1480 and 1482 (PULL TYPE) Combines	
Poly Tech Part # AEDC276C1K replaces Factory Part # 1317276C1 Door width is 7 1/2")	\$113.00
Fits 1640, 1644, 1660, 1666, 1670, 2144, 2166, 2344 and 2366 Combines	
Poly Tech Part # AEDC430C1K replaces Factory Part # 1317430C1 (Door width is 9 1/2")	\$125.00
Fits 1680, 1682, 1688, 2188, 2377, 2388, 2577 and 2588 Combines	
Poly Tech Part # AEDC0124K replaces Factory Part # 87330124 (Door width is 10")	\$162.00
Fits 5088, 6088 and 7088 Combines before serial number Y9002404	
Poly Tech Part # AEDC9722K replaces Factory Part # 84149722 (Door width is 10")	\$162.00
Fits 5088, 5130, 6088, 6130, 7088 and 7130 Combines after serial number Y9002404	
Poly Tech Part # AEDC2183K replaces Factory Part # 87282183 (Door width is 10 3/4")	\$190.00
Fits 7010, 7120, 7230, 8010, 8120, 8230, 9120 and 9230 Combines	

* Kits include door assembled with springs, spring guides and U-bolt with nuts.

CASE IH CLEAN GRAIN ELEVATOR AUGER COVER

Poly Tech Part # ACCK42C1 - \$34.00

Replaces Factory Part # 1317442C1
Fits: Models 1680, 1688, 2188, 2377, 2388, 2577 & 2588

Poly Tech Part # ACCK52C1 - \$83.00

Replaces Factory Part # 1317452C1
Fits: Models 1640, 1644, 1660, 1666, 2144, 2166, 2344 & 2366

POLY LAST™ CLEAN OUT DOORS FOR JOHN DEERE

Tailings Elevator Doors

Poly Tech Part #AEDJ786 replaces Factory Part # AH217786	\$72.00
Fits 9650STS, 9750STS, 9860STS, 9560STS, 9570STS, 9870STS, S550STS, S650STS, S660STS and S670STS Combines	
Poly Tech Part #AEDJ729 replaces Factory Part # AH234729	\$110.00
Fits S680STS & S690STS Combines	

Clean Grain Elevator Doors

Poly Tech Part # AEDJ357 replaces Factory Part # AH129357. (Door width is 8 1/2")	\$96.00
Fits 9400 Maximizer, 9410 Maximizer, 9500 Maximizer, 9500 Sidehill, 9510, SH9510 Maximizer, 9501 Pull Type, CTS North American Edition & CTS II North American Edition (ser.# 675101-679050) Combines	
Poly Tech Part # AEDJ358 replaces Factory Part # AH129358. (Door Width: 10 1/8")	\$113.00
Fits 9600 Maximizer, 9610 Maximizer & CTS II European Edition (ser.# 675101-679050) Combines	
Poly Tech Part # AEDJ426 replaces Factory Part # AH138426 (Door Width: 11")	\$125.00
Fits 9450 Self Propelled, 9550, 9550 Self Propelled, 9650 Self Propelled, 9650 CTS Self Propelled, 9650STS, 9660STS, 9670STS, 9760STS, 9770STS, 9860STS, 9870STS & 9750STS, S550, S660, S670, S680, S690 Combines	

POLY LAST™ CLEAN OUT DOORS FOR AGCO

Poly Tech Part # AEDA529 replaces Gleaner OEM Part # 71500529. (Door width is 12 1/2")	\$165.00
Fits Gleaner R65, R66, R75, R76, S67 and S77 Combines	
Poly Tech Part # AEDA431 replaces Massey OEM Part # 71400431. (Door Width: 13")	\$176.00
Fits 9520, 9690, 9695, 9795 and 9895 Combines	

Protect your tracks or tires from today's tougher hybrid stalks. Poly Tech developed the Stubble Stopper to be the lightest unit on the market. At 22 lbs. per row they are 50% to 60% lighter than other models. The Stubble Stopper features a 10" wide by 1/2" thick Poly Last™ UHMW shoe mounted to a flexible spring and brackets using simple pin locations and polyurethane bumpers for easy height adjustment. The shoe assembly easily flips up for transport.

UNIVERSAL STUBBLE STOPPER KITS

Part #	Description	Price
SSUK001	Universal Kit for a SINGLE row	\$320.00 ea.
SSUK201	Universal Kit for 2 to 6 Rows	\$640.00 / pr.
	Universal Kit for 8 to 10 Rows	\$590.00 / pr.

CORN HEAD AUGER TROUGH LINERS

When ordering please specify corn head model number, model number of combine it is attached to, feeder opening width, & any modifications made to the head. Liner will accommodate gaps up to 6" on heads with modified widths (i.e. custom narrow row heads). Liners can be installed over worn metal & holes in trough if the holes do not exceed 3 in. in width by 18 in. in length. Installation does not require removal of the auger. Just raise the auger to its maximum height, install liner, & adjust the auger to the desired height.

AMBB38	Baker (3/8" Reversible) Kit	\$94.00

Due to design, the bidirectional or switch plow produces far more drag than a conventional moldboard plow. Our Poly Last™ moldboards and covers have a super low coefficient of friction that dramatically reduces drag. Less resistance reduces soil flow and improves turn over. It also reduces stress on your equipment, improving fuel economy and reducing maintenance costs. These results are most noticeable in heavy or sticky ground but almost everyone can benefit from the addition of Poly Last™ moldboards and covers.

HINIKER 6000 STRIP TILL RIDGING WING

Covers Hiniker Part # 810-002-124.

This cover attaches using the two existing 3/8" carriage bolts. The parts have counter bored holes making them left & right handed.

Part #	Description	Price Ea.

PIVOT SUPPORT FOR ROW CLEANER ARM

Part #	Description	Price
RCRWK001	Redball row cleaner Pivot Support (Washer) sold per pair/row	\$12.00

- Made from UHMW polyethylene.
- Gives pivot arm more support.
- Extends the life of the bronze pivot brushing.
- Tightens up lateral movement of the arm.
- Reduces wear in the pivot area.

HIPPER BEARING HOUSING COVERS

Part #	Description	Price
AHBAM112	AMCO 1 1/8"	\$24.50
AHBAM150	AMCO 1 1/2"	\$24.50
AHBFCK112	Forest City/KMC	\$24.50
AHBJDW112	John Deere/Wil-Rich	\$24.50
AHBWA112	W & A 1 1/8"	\$24.50
AHBWA150	W & A 1 1/2"	\$24.50
AHBBH112	Bush Hog 1 1/8"	\$24.50

- Pre Formed to fit housing contour.
- Premium 1/4" Poly Last™ material.
- Eliminates wear on bearing housing.
- Eliminates buildup in sticky conditions.

POLY LAST™ SHANK GUARDS

Why fight square, sheared off shank guards made from scrap? The radius on the edge of our Poly Last™ shank guard was designed to fit the contour of your shovel. It goes on easier and stays on better. Re-tighten less often without the worry of a lost shovel.

POLY TECH'S EXCLUSIVE RADIUS DESIGN...

- Improves soil flow around shank.
- Reduces drag and stress on equipment.
- Protects expensive steel shanks.
- Does not change shovel angle.
- Sheds roots & soil to eliminate large buildups.

Part #	Description	Price
ASG09	1 3/4" x 9" Shank Guard fits Cultivators w/mounting hole centers: 1 5/8" to 2"	\$1.90
ASG10	2" x 10" Shank Guard fits Chisel Plow w/mounting hole centers: 1 3/4" to 2 1/2"	\$1.90
ASG12	Custom Shank Guard 1 3/4" x Up to 12" fits mounting hole centers: 1 5/8" to 2"	\$2.70
ASG13	Custom Shank Guard 2" x Up to 12" fits mounting hole centers: 1 3/4" to 2 1/2"	\$2.70

POLY LAST™ SQUARE EDGE SHANK GUARDS

Okay, so you don't care if your shank guards are square? We can make them that way too. These are the same shank guards as above with one exception, no radius edge. That saves us an operation in production and saves you money.

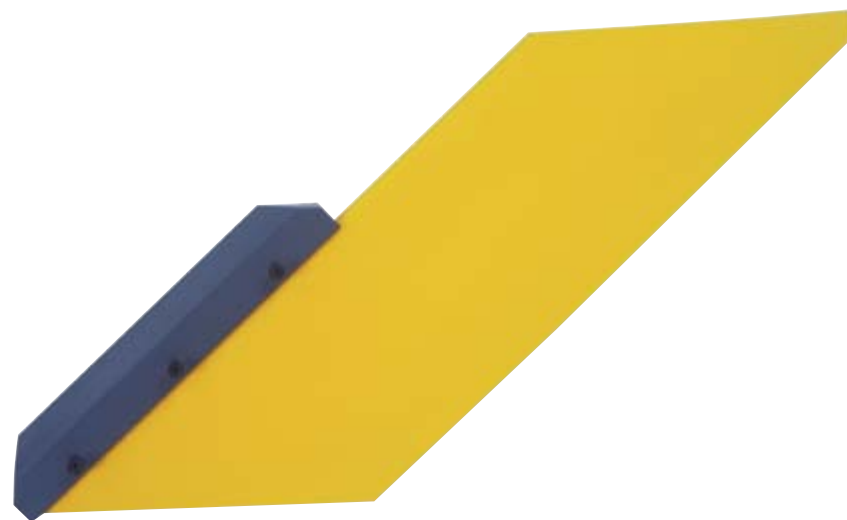

Part #	Description	Price
ASGE09	1 3/4" x 9" Shank Guard fits Cultivators w/mounting hole centers: 1 5/8" to 2"	\$1.30
ASGE10	2" x 10" Shank Guard fits Chisel Plow w/mounting hole centers: 1 3/4" to 2 1/2"	\$1.30

POLY LAST™ RIPPER SHINS & COVERS

Poly Last™ covers will reduce drag, eliminate soil buildup on shank and shin and reduce or eliminate soil “blow out.” This allows for a better seed bed and a more profitable crop.

KMC Ripper Shanks are available in THREE widths. To be sure you have the proper shin and/or cover, verify the steel shank number and choose the part numbers as follows:

KMC 67-080-213 Generation III

Part #	Description	Price
ARCK213	Cover fits 1" Wide Shank	\$72.00
ARSS150C	Shin fits 1" Shank with cover	\$18.00
ARSS150WO	Shin fits 1" Shank without cover	\$18.00

***This kit is oversized - Regular shipping + \$50.00**

All kits include drill templates, 1/4" thick liners, drill bits, Step by Step full color instructions, and all necessary hardware to line three sides of each of the ducts shown.

Mating machined lap joints at each connection insure proper alignment and improved crop flow.

Stainless Steel transition strips protect the leading edge of the liner.

PEANUT

1/4" POLY LINERS FOR KMC PEANUT COMBINES

- Twice as thick as the original 1/8" liners.
- Countersunk bolts improve crop flow.
- Improved fastening system allows liner to expand and contract without warping.

POLY LAST™ PICKER DOOR COVERS

COTTON

Poly Last™ picker door covers can outwear originals by more than 2-1!

Born in the bootheel of Missouri and raised in Georgia, Poly Last™ picker accessories are the finest available for your Case or John Deere picker. Some of the first picker door covers were built in the bootheel of Missouri by two of the best picker mechanics anywhere. They were looking for ways to get the most out of their customers machines and Poly Last™ Yellow covers were one answer. Poly Tech eventually brought the idea home and honed it into the kits we sell today.

Over the past several years Poly Tech has made several improvements over that original design. We've relocated and reduced the number of fasteners for easier installation.

The success of the Poly Last™ kits has spawned many "me too" companies trying to take advantage of it. Most offer a thin, white material that won't hold up in sunlight or under stress and is too thin to allow for countersunk holes. Rivet heads wear and pull out and the material cracks or breaks. Encountering such problems when you need to be picking cotton can be a nightmare. The picture on the right shows what can happen when you try to save a few bucks with the "me too" brand.

Our pressure door covers are built from full 1/4" Poly Last™. A name you can trust. We even offer yellow or red for your picker of choice. Rivets are countersunk for protection and placed out of spindle path. Beveled leading edges minimize the chance of anything getting behind covers.

If you're thinking of updating your picker or just need to replace some worn out parts, look carefully at our Poly Last™ products. You'll find some of the most cost effective parts you can buy. An important consideration in today's tight market. If you don't agree, return them. They're covered by the Poly Tech "No Hassle Guarantee".

- 1/4" Poly Last™ material for long life.
- No spark if Poly Last™ is hit by spindles.
- Preformed to fit the contour of your steel.
- Countersunk mounting holes protect rivets.
- Hole pattern keeps rivets away from spindles.
- Beveled leading edge for smooth crop flow.
- Exclusive "No Hassle Guarantee."

**DON'T LET THIS HAPPEN TO YOU.
INSIST ON POLY LAST™!**

POLY LAST™ PICKER DOOR COVERS

POLY/STEEL DOORS HAVE BEEN DISCONTINUED.

Poly Last™ picker door kits for John Deere Pickers contain two different components. A preformed, pre-drilled and countersunk 1/4" Poly Last™ cover fits the steel door. The factory .090" poly extension is replaced with full 1/8" poly. The heavier gauge extensions resist warping better than the factory poly. All kits include hardware and instructions.

96" Wide: \$25

PLEASE CALL FOR PRICING ON CUT PIECES.

TrackMat

This knee-saving 2'x4' foldable mat is a plush yet ultra-tough 3/4" thick foam pad fused with 100% polypropylene fibers. Stain, oil and chemical resistant, the TrackMat can withstand whatever you throw at it while effortlessly providing convenience and comfort. It's made of a similar material to that used in lifejackets, so it won't retain water and can't mold or mildew. Use it as a pad to kneel on or as a lightweight and portable creeper to keep you comfortable and clean while you work.

Part #: BR2X4PT.....\$29.00

Eight layers of thermally bonded 100% polypropylene make PIG Mat the strongest on the market. Won't rip, tear or fray even when saturated!

PIG® Universal Absorbent Mat Tablet® Pack

14" x 15" - 15 Universal light weight tear-off mat pads on a tablet. Absorbs up to 1 gallon per tablet.

Part #: 25101.....\$12.95

PIG® Universal Absorbent Mat Roll

15" x 50'L - Light weight roll. Absorbs coolants, oils, water & solvents! Absorbs up to 3 gallons per roll.

Part #: 25201.....\$21.99

PIG® Universal Absorbent Mat Pack

15" x 20" - (3) Universal medium weight pads per package. Absorbs up to 1/2 gallon per pack.

Part #: 25306.....\$4.96

PIG® Form-A-Funnel® Flexible Draining Tool

Easily molds, then holds its shape so you get every last drop of oil every time, no matter how obstructed the filter or plug. 16 1/2" x 14 1/2".

Part #: TLS706-GR.....\$19.99

PIG® Spill Kit in See-Thru Bag

Economical spill kit - packed in a clear bag for easy inspection. Compact kit with zipper closure is ideal for outfitting a vehicle fleet. PIG BLUE Socks stop spreading spills. PIG Mat absorbs quickly. Temporary disposal bags help make clean-up easier. Transparent bag lets you check supply levels at a glance while keeping contents clean and dry. Absorbs up to 5 gallons.

Part #: KIT274.....\$50.00

PIG Water-Repellent Mat safely absorbs and retains oils and oil-based liquids, lubricants and fuels while repelling water; floats to clean up spills on water!

PIG® Water-Repellent Oil-Absorbent Mat Rolls

15" x 50'L - Light weight roll. Absorbs only oil based liquids and repels water based liquids. Absorbs up to 3 gallons per roll.

Part #: 26201.....\$21.99

Have a question? Need more information? - Visit our website 24/7 where you will find pricing, additional information, and instructions for our Poly Last™ products. We have listed our contact information and created a direct email link so you can email or fax your inquiries and orders or request a catalog.

1.800.542.7659 or 1.706.468.2801

PHONE ORDERS - Our normal office hours are 8:00 am to 5:00 pm ET Monday - Friday. These hours may be extended during planting and harvest seasons, please call to verify. Please have credit card or account information ready to give to your customer service representative. Your account will not be charged until the order is shipped.

1.706.468.2881

FAX ORDERS - For Credit Card, C.O.D. and orders on Account you may fax your order 24 hours a day, 7 days a week. Orders received after 5:00 pm Eastern or on Fridays or Holidays will be processed the next business day. Please fill out sales order (sales orders available on request by fax) and fax to: 1-706-468-2881.

RETURNS - Items Not covered by our "No Hassle Guarantee" are subject to inspection upon return. If found to be in resalable condition we will issue a credit or return your money - less a 20% restocking fee. To return items covered by our "No Hassle Guarantee", please call customer service at 1-800-448-7659 or write for a Return Authorization Number within 12 months of invoice date. No return will be processed without a Return Authorization Number. Custom Orders are not returnable in most cases.

DEALERS - Net 30 days with approved credit. Dealer pays actual shipping charges. Take discounts before freight charges are added. Call for Dealer programs.

SERVICE CHARGE - A Service charge of 1 1/2% per month will be applied to all unpaid balances over 30 days.

PRICES - Subject to change without notice. All shipments F.O.B. Origin unless prior arrangements made with Poly Tech.

SHIPPING - Place your order for any stock ground shippable product by Noon Eastern time and we will make every effort to ship it the same day. Place your order for any stock ground shippable product after Noon Eastern and we will make every effort to ship it by the next business day.

SHIPPING FROM OUR MINNESOTA WAREHOUSE

To provide you with faster delivery and lower freight costs, your orders can be shipped from our warehouse located in Gibbon, Minnesota.

NO HASSLE GUARANTEE

Poly Tech Guarantees for one full year from the date of purchase that our products

- Perform as designed
- Save you time and money
- Meet your expectations

Or we will gladly arrange a refund or an exchange, whichever you prefer.

FULL SERVICE AG

How may we help you?

- Improve your equipment efficiencies
- Lessen your downtime during harvest
- Reduce wear on your combine parts
- Lower your maintenance costs

Is there anything else we can do for you?

Full service ag at Poly Tech is not an object of the past like the full service gas stations. We do not compromise the quality of our products or reputation of our customer service. These family values and traditions run deep in our heritage as we continue to:

- Expand our product line
- Research equipment related needs
- Add dealers to increase our scope of service
- Stock product for immediate availability
- Communicate with our customers

**At Poly Tech Our Goal Is:
TOTAL CUSTOMER SATISFACTION**
