

# 2442 Railcar Unloader

## Low Clearance, High Capacity

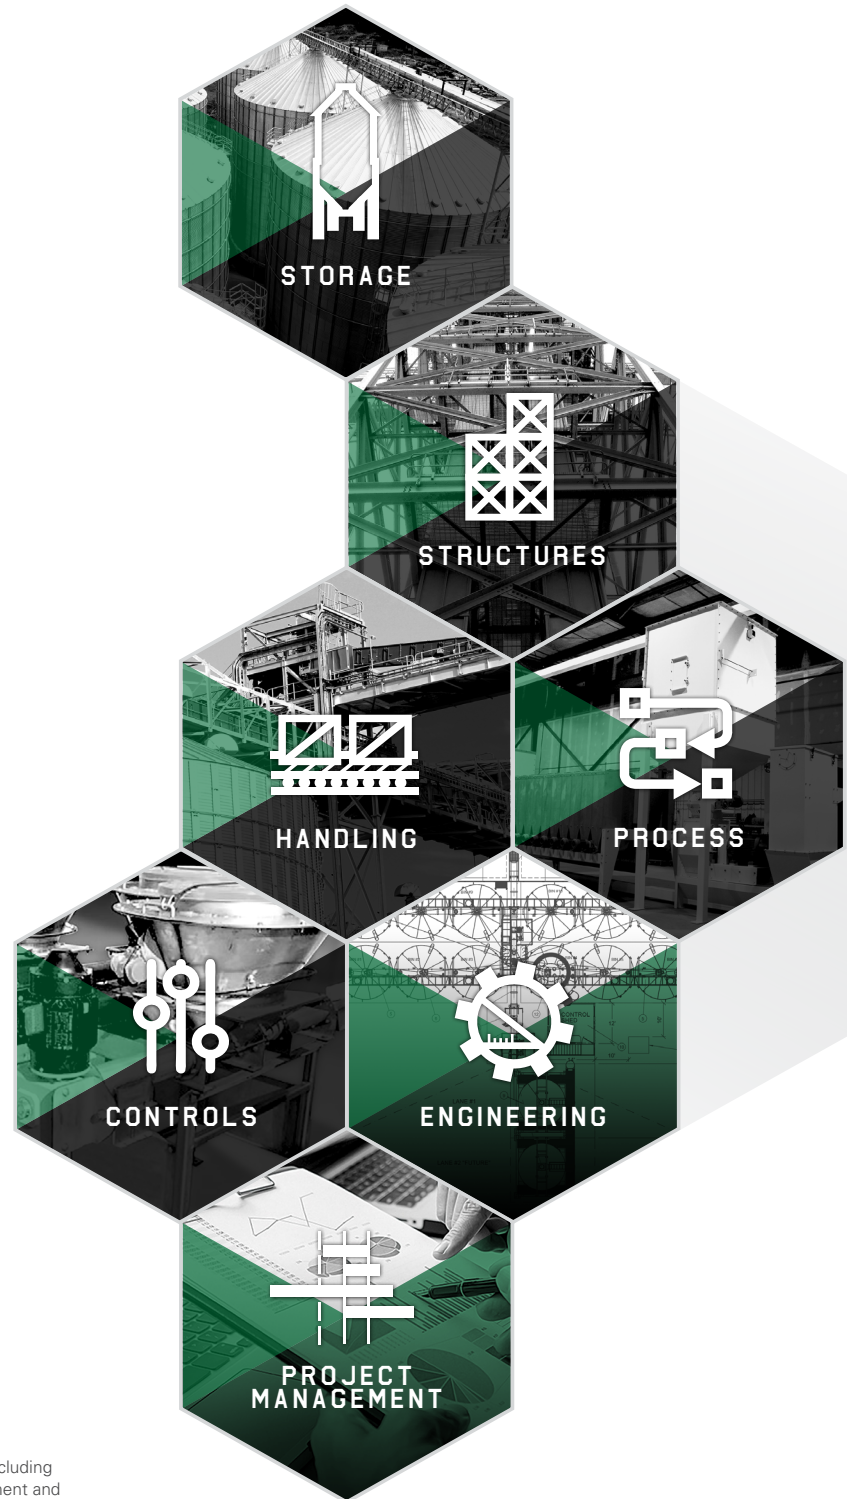

### Up to 14,000 BPH | 4" Hopper Clearance

The AGI Batco 2442 Railcar Unloader was specifically designed to make your rail unload easier than ever before. The powerful belt moves your commodity up to an impressive 14,000 bph to help you get done faster. You won't waste any time getting into position with an ultra-low-profile hopper, spring loaded walking axles, and four 6" wide high-performance wheels controlled by hydraulic joystick steering. With our lowest clearance ever, the 2442 Railcar Unloader will make your rail unload as efficient and fast as possible.

Available in Gas or Electric Pinch S-Drive  
Can be custom ordered in stainless steel

SHOWN IN STAINLESS STEEL

**BATCO is an AGI Brand.**
